General Information for Group Road-Rides

- Non-members are welcome on all rides.
- Helmets are mandatory.
- Lights are required on all night rides.
- Riders are expected to bring the essentials. *See list bottom right.*
- All group rides will periodically stop if necessary to regroup so that no one gets dropped or left behind.
- Children under the age of 18 must be accompanied by an adult.
- "Average speed" is calculated by the Total distance ridden, divided by the Total riding time. Or, by consulting with your bike computer. That's easiest.
- *All speed listed below are guidelines.*

A Group —- Ride lengths will be 45-60 miles with the pace averaging 19-21 mph. Moderate to difficult terrain. Focus on performance, pace lining, climbing and endurance. Group riding experience, general mechanical skills expected.

B Group —- Ride lengths will be 35-45 miles with the pace averaging 15-18 mph. Terrain includes moderate and steep hills. Focus on performance development; pace lining and climbing. Group riding experience expected. Regroups as necessary.

C Group —- Ride lengths will be 25-40 miles with the pace averaging 13-15 mph. Mixture of flat/rolling hills with some moderate climbing. Riders should have some group riding experience, basic bike handling and mechanical skills. Regroups as necessary.

D Group —- Ride lengths will be 18-25 miles with the pace averaging 10-12 mph. Generally flat roads with some rolling to mild hills. This group welcomes beginning riders. Children are welcome when accompanied by parent or guardian (contact Ride Chair for details). Assistance and instruction will be provided in basic skills of fixing flats, bike handling, etc. Regroups often.

Be prepared to start on time and have an enjoyable ride. Then stick around to enjoy a soda or snack and good company after the ride.

Group Rides
where & when

Weekend road rides start;
8:00 Winter and 7:30 Summer.
Please check the Ride Calendar page 3, or website for exact dates & times

Sunday is the best day to come ride the streets with us. We have 4 levels for you to choose from fast-and-furious to cruising for coffee. Look for the cyclists on the Pedestrian Mall at 9th St. Park on University Av or at the old court house downtown Riverside.
Saturday isn't a beginner ride. *It's 35 miles to Redlands, average speeds of 16 -18 mph. Route and speed vary according to riders. Regroups as necessary.* Ride leave from Canyon Crest Towne Center. Meet behind Starbucks by the East Coast Bagel shop,
Tuesday & Thursday evening rides meet at Baker's Burgers at 3522 Adam's Plaza, Adams Exit off 91 Fwy. start times are 6:30 pm Winter, and Summer

The 6:30 ride has 3 groups now!
Fast Group; 25ish miles, 16- up mph
Medium; 20ish miles, 15ish mph.
Not as Fast; 15ish miles, 11ish mph

Night rides will vary throughout the year depending on amount of daylight, number of riders and skill level.

TEAM DIRTY WORK is the mountain bike side of the Riverside Bicycle Club**.** All mountain bikers are welcome. Generally, almost all reasonably fit people can enjoy riding with Team Dirty Work. We offer a variety of rides each week. This is a great way to get involved in a mountain biking group. We enjoy having new riders join us.

Most of our rides start in the Canyon Crest Towne Center Parking lot in front of Rite Aid near Bank of America (corner of Central and Canyon Crest Drive). These rides are approximately 2 hours long through the Sycamore Canyon area. Some weekends bicycles are transported to other locations to ride. Please call R.C. Morton at 909-784-0459 for any last minute updates. Or visit our web site. http:/www.teamdirtywork.com

Our mountain bike group rides are held each **Saturday & Sunday** morning These rides are for experienced beginners and intermediates to advanced dirt riders. Evening rides are held on **Tuesday and Thursday** starting at 6:00 pm. and are designed for the more advanced dirt junkie.

Lights are required for night rides!

Musings from the Membership Chair:

Well it's been 6 months since we went live with our new website. The online membership record keeping is going much smoother. Joining our club or renewing your membership is pretty easy now. Maybe a little too easy. Last month I received an email from a new member. She was so excited about finding the Riverside Bicycle Club on the internet that she signed up right away as a booster member. She just bought a new bike and was really looking forward to doing the Sunday Starbucks rides after the snow melts... Snow in Riverside???? It turned out she lives in Riverside, Illinois. Where it does snow. I refunded her membership fee and invited her to ride with us if she is ever in Riverside, California. Where it doesn't snow.

Did I mention how easy it is to renew. We still have several longtime members whose membership renewals are past due (notice I did not say "older members"). Please check your membership card for your expiration date. You can renew online or you can fill out and mail in a membership form. If you have any problems logging in to the new website please let me know. I may not have your correct email address in the system. I can also help if you are not sure when your membership expires.

Thank you for supporting your club. See you out on a bike ride,

Stirling Yearian

WHAT'S HAPPENING

BROCKTON NEWS!!!

I JUST FOUND OUT THAT THE GRANT MONEY FOR THE RESTRIPING PROJECT

IS NOT

TRANSFERABLE TO ANOTHER PROJECT. IT'S "USE IT, OR LOOSE IT"!

Let's ALL contact Councilmen at; mgardner@riversideca.gov. asmelendrez@riversideca.gov. asmelendrez@riversideca.gov. kgutierrez@riversideca.gov. pdavis@riversideca.gov. and tell them
WE ARE IN FAVOR of the restriping project.

NOTICE FOR S.A.R.T.
In Orange County, Anaheim, there will be detours off and on for the Santa Ana River Trail at Lincoln Av while that street is widened. About one year or more.

FRIDAY-MONDAY, May 24-27, 2013:
GREAT WESTERN BICYCLE RALLY
Memorial Day Weekend, in Paso Robles.

BICYCLE HEAVEN, & FAMILY-FRIENDLY

An event with something for everyone.
Rides every day from 5 to 100 miles. Social activities and competitions, kids' activities, vendor marketplace, bike show, live music, goodie bag, and door prizes. And of course, there is the pleasure of taking a few days off in scenic Paso Robles, with its Victorian homes, surrounded by rolling countryside, wineries, and ranches.
Come for the four-day holiday, or just for the weekend women's ride, metric, or century.

GET WELL WISHES TO;

Jim Peterson, while riding one evening last month Jim's bike hit the uneven / broken edge of the pavement. Jim went down hard breaking his helmet but no other serious injuries other than stiff & soreness. Darned those luscious orange blossoms they can be a real distraction.

Norma Esparza, has been off her bike for awhile, she has a herniated disk in her lower back which just started bothering her at work one day about three months ago and keeps flaring up especially when she rides her bike. She is having a cortisone injection tomorrow and is getting therapy on a regular basis. (She broke her collar bone and had surgery last year when she crashed doing the Mulholland Challenge ride in April 2012 going down Deer Creek road but that was a year ago)

Bill & Sandy, are recovering well after a crash on their tandem during the Queen Mary ride. They received minor scrapes and bruises. The bike had some damage but was easily fixed at the bike shop.

Sharon Mogi, is recovering very well after her bike accident on March 10.

Steve Workman, had this to say when I asked him why we hadn't seen him in a while. "I touched the rear tire of Marsha's bike and went down. A trip to urgent care for an xray and they diagnosed a broken collar bone. I told them it did not feel broken, but he was confident. So,… Wore a sling for four weeks and went back for a re-check. It appears that the doctor was wrong, the bone was not broken, it just separated at the shoulder. The time off gave the ligaments enough time to heal. I am back riding and none the worse for the four weeks off. Plan to do the Wildflowers Century in a week or two. Steve" Thanks Steve, glad your Dr. was not right this time.

GET WELL QUICK to each and every one of you! And remember while riding in a group, be very observant of the wheel in front of you.

Pic 5. The green lane in Redlands looking west on Citrus from Central at Redlands High School. 3/16/13 The green color was chosen because it is the industry standard as it visually displays the distinction between the bike lane and drive lane. . Because the amount of vehicular traffic on these roads is greater than most other roads in Redlands, providing a visual cue greater than just a white bike lane became necessary.

Also, the City of Moreno Valley turned on a new traffic signal at JFK and La Brisis with the latest form of microwave bike detection. The innovative "Intersector" is the first detection system that discriminates between cars and bikes allowing enough time for bikes to cross the street. 4/3/13

DTW UPCOMING CAMPING TRIP 5/31-6/2

Join us for this traditional Team Dirty Work get-together at Hurkey Creek in the San Jacinto Mountains! This is a fun and informal family friendly event! Everyone is invited! All levels of riders are welcome. You are encouraged to camp (Tent or RV). You are also welcomed to drive up for the day on Saturday or Sunday.

Bring your own food and beverages . On Saturday we traditionally have a potluck...so bring a dish or desert for about 10-12 people if you wish to participate. Reservations for Hurkey Creek can be made at http://www.rivcoparks.org/parks/hurkey/hurkey-creek/

We like to congregate RVs near sites 123 to 127 (124 has the driveway) and tents at the nearby sites (105 to 108)

About the mountain biking: Hurkey Creek has miles of beautiful single-track ranging from very easy to very challenging. We normally have two groups (easy, hard) on both Saturday and Sunday. So come on out and enjoy the beauty of the San Jacinto mountains with a great bunch of folks!

Pic above, That is one cool snake. I don't think I've ever seen one as large in sycamore. Thanks for sharing it.
Pic left, The sheep have arrived, off Barton. "Can I get a wool sweeter please? "

The Queen Mary Ride

April 6, we started at Huntington beach and rode north to Long Beach to the Queen Mary. Lots of sites to see along the way. There were 20 total in our group but, some road ahead and missed this photo op. Rider list; Patrick Caswell, Mike Kim, Crystal Campbell, Pam Smith, Ken Mogi, Bill & Sandy Morgan, Bob & Kathy Lopez, Vicki & Stirling Yearian, Harry Ketza, Wade & Edith Reasons, Cliff Luchsinger, Leslie & Steve Grafstrum, Sandi Ah Sue, Frank Ramirez & his dad.

RIVERSIDE BICYCLE CLUB
www.Riversidebicycleclub.com

The Riverside Bicycle Club is for all bicyclists; commuters, off-road riders, recreational riders, tourists or just plain cyclists who ride a bicycle for fun, health, or competition, and anyone who interacts with them.

Our purpose is to provide companionship, bicycle education and training, and a bit of bicycle advocacy. To do this we will:

- Provide companionship by having monthly meetings for people with a love for bicycling who want to meet people with the same interests, to share ideas, to talk about ride routes and to discuss bicycling.
- Encourage participation of people who are interested in starting to ride a bicycle.
- Have educational programs to assure that bicyclists can enjoy their riding experience to the fullest.
- Publish a monthly newsletter (12 issues/year) to inform members of club activities, rides, and general bicycling information.
- Provide weekly rides of different levels, so that everyone can share the bicycling experience
- Advocate with local, regional, state and government agencies as to the needs of bicyclists, to encourage services for the bicycling community, and for inclusion of bicycling needs in infrastructure design and development of roads that can be shared by both motor vehicles and bikes.

Recycle this newsletter!
Leave it at your barber/beauty shop, the doctor's or dentist's office, wherever you think another cyclist will read it and discover the *Riverside Bicycle Club*. Photocopy it and pass it around.
